The Republican Convention.

The Republican convention held in this city Saturday, was the largest attended political convention ever held in Bourbon county. The fight between the two factions, one led by Judge H. C. Howard and Geo. W. Stuart, for Fairbanks, the other led by James D. McClintock and Postmaster J. L. Earlywine and other Federal officeholders, for Taft, has been a bitter one, resulting in a complete victory for Howard and Stuart.

There were several hand-to-hand encounters. The old church building was inadequate to hold the crowd, which was composed of about 1,000 negroes and 100 whites.

Promptly at 1 o'clock Prof. W. L. Yerkes mounted an improvised stand in front of the building and read the call for the meeting. Judge H. C. Howard then placed in nomination the name of George W. Stuart for temporary chairman, while Postmaster Earlywine nominated A. W. Cottingham. The chairman appointed tellers to count the vote, naming for the Fairbanks people M. R. Jacoby and T. C. Johnson, and William Cherry and J. P. Hutchcraft to represent the Taft side.

After the tellers reported the count being 832 for Stuart to 541 for Cottingham. One of the Taft tellers then claimed an unfair count and demanded a recount. This is where hot words began to pass, and if it had not been for the presence of the police force, being active in quelling several little fights there would have been serious trouble. After a wrangle of an hour, Chairman Yerkes ordered a recount. The second counts resulted: Stuart, 773; Cottingham, 390.

The work of the Convention proceeded without any trouble, the Taft men dispersing, as it was seen by everyone that they were whipped to a finish. The resolutions endorse the National and State Administrations, congratulate the people of Kentucky upon the election of a full Republican State ticket, and "on the even more gratifying victory in the election of William O. Bradley to the Senate of the United States."

The delegates to the State convention were instructed to vote for Senator-elect William O. Bradley and Governor A. E. Willson as delegates at large to the National Republican Convention, and for H. Clay Howard as district delegate to the convention from the Seventh District, and the county delegation to vote as a unit upon all questions. The State delegates are: M. R. Jacoby, C. J. Barnes, George W. Stuart, Milt Woodward, T. C. Johnson, Ben Martin, D. M. Hurst, Stamps Moore, J. W. Larkin, Wyatt Thompson, Jim Gaines, C. O. Wilmoth, H. C. Howard, J. D. Shy, C. L. Hough, N. A. Moore, J. E. Gray, W. A. Thomason, A. B. Thom-

son, Chas. C. Hough and Henry S. Cay.

The convention then proceeded to elect a new county committee to serve for the ensuing year, as follows:

Paris No. 1, F. R. Phillips; No. 2, C. J. Barnes; No. 3, C. O. Wilmoth; No. 4, Pat Kane; No. 5, J. W. Larkin; No. 6, Sherman Ayers; Millersburg No. 1, R. B. Boulden; No. 2, Dan M. Hurst; Falt Reok, No. 1, A. B. Thomason; No. 2, Oliver Harrison; North Middletown No. 1, W. A. Thomason; No. 2, Jerry Kenney, Clintonville No. 1, T. H. Clay, Jr.; No. 2, French Thompson; Hutchison No. 1, M. R. Jacoby; No. 2, J. E. Gray; Centerville No. 1, Frank P. Bedford; No. 2, Spears Moore; Ruddles Mills No. 1, Chas. T. Hough; No. 2, Henry S. To the Democrats of the Seventh Congressional District.

The action of the Committee of this Congressional District in calling off the primary election for May 12th and substituting therefor Mass Conventions at each county seat on August 29 to select delegates to attend the District Convention at Lexington on September 3, compels me as a candidate for the Democratic nomination to tax your patience with another letter.

Although the original call of the Committee was very unfair and unjust and drawn altogether in the interest of the present Congressman, I accepted it provisions in good faith and began a canvass of the eight counties of the District although I had but 35 days in which to make the fight.

I spent a considerable amount of money in advertising my candidacy over the District and was in the field making my appeal to the people for fair play and a square deal. Your Committee, seeing that the people of the District were determined to stand by me at the polls on the 12th day of May, in order to nullify the will of the voters, rescinded its former action and ordered Mass Conventions for August 29th. I desire every voter to know that I was opposed to this change.

I was strongly in favor of a primary election and the change to a Convention was made over my protest. The purpose of the Committee is to endeavor to disfranchise as many of the farmers and country people as possible by dragging them miles to the county seat in order that they may cast their votes in this election.

The majority of the District Committee seems willing to adopt any arbitrary rule which will deprive me of this nomination, and I therefore come again before the people under the new call of the Committee and urge them to stand by me in protesting against such uncalled for and unfair action.

The first call of the Committee allowed but 45 days for a canvass of eight counties, taxed each candidate \$2,000 to enter the race and placed all details of holding the election in the hands of the friends of the present Congressman, denying me any representation at all and taking the entire matter into their own hands.

In the face of these unfair and unjust conditions I entered the race and was making my appeal to the voters of the District. The Committee seeing that the people were standing upon my side and that they had fallen into the pit they had dug for me, changed their plans and ordered Mass Conventions for August 29th.

It seems they were afraid to pull the trigger on the gun they had loaded for May 12th. If I had controlled the Committee and had set the trap for my opponent and had got caught in it myself I would certainly have swallowed my medicine and gone to the post on May 12th regardless of my fate.

The time has come in Kentucky when the farmers and those in sympathy with the farmers must stand up for their rights and use the power they have in every legitimate way. This action of the Committee in ordering Mass Conventions at the county seats put the farmers and people in the country at a great disadvantage in casting their votes and having a voice in the councils of the party.

However, I trust that you will agree with me that the issues involved in this contest are of sufficient importance for you to take time to attend the Convention and that you will register your protest against the action of a Committee which seeks to handicap you in the exercise of your suffrage.

I hope to meet you in person before the Convention and to have an opportunity to discuss fully all of the questions involved in this race. So far as I am concerned the canvass will be made in good humor and upon a high plane. I trust you deem me worthy of the honor I seek at your hands and that I will have your influence and support.

Sincerely,
J. CAMPBELL CANTRILL.

Suffering and Dollars Saved.

E. S. Loper, of Marilla, N. Y., says: "I am a carpenter and have had many severe cuts healed by Bucklen's Arnica Salve. It has saved me suffering and dollars. It is by far the best healing salve I have ever found." Heals burns, sores, ulcers, fever sores, eczema and piles. 25c at Oberfer's, the druggists.

The "Merry Widow" Hat.

With "Merry Widow" hats serving as a screen to hide a church fire from the congregation, delaying an express train until the wearer could be extricated from the aisle of a Pullman car and raising a question of ecclesiastical discipline in New Jersey churches, this millinery monstrosity may be thought to have reached its climax of sensationalism, says the New York World. To what further extremes of breadth is it destined to go? It has already relegated the parasol to uselessness. Its possibilities as an aid to a seaside tetela-tete on the sand will not be lost on the summer girl.

The sudden outbreak of the big hat is one of the social phenomena of the year. It is a form of millinery measles and will run its course unchecked. Ridicule will be levelled at it and satire shot at it, but the fair wearers will remain as blissfully unconcerned as when they wore crinolines and chignons. The eternal feminine is amenable to but one authority. She acknowledges no dictator but fashion. An interstate millinery law would merely add to the size of her hat and a special message increase its vogue.

The morality of the "Merry Widow" hat is sure to provoke discussion. Its very name connotes wickedness. In fact, it is a protective device encompassing woman's head as with defensive armor and compelling man to keep his distance. It is a millinery chevaux-ed-frise which makes any osculatory attack on the part of the male a perilous proceeding.

When Prosperity Will Return.

The number of idle freight cars, which was over 340,000 during January and part of February, was reduced to 296,000 in the middle of March.

Figures for the beginning of April show a net surplus of 305,000 cars, again making an unfavorable reading of the commercial and industrial barometer.

People are asking on every hand when god times will return. There is an answer in the tables which show no further back than last October and November shortages instead of a surplus in freight carrying equipment.

Prosperity will be re-established when these freight cars are all at work on the main lines, instead of standing empty on the side tracks.

"Uncle Sam" Getting Even.

A bill has been introduced in Congress to purchase the Jamestown Exposition grounds for the use of the navy. The bill limits the cost to \$360,000 and the relinquishment of the Government's claim for \$875,000 against the Exposition Company.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficacious remedy for such ailments as rheumatism, neuralgia, heart tonic and regulator and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unopposed testimonials contributed by careful patients who have been cured by it of catarrhal netic drains, painful periods, irregularities, prolapsus and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

When all statistics were gathered it
was found that a few new pupils were
enrolled, making a total enrollment of
929. The attendance, too, was good,
the general average being 637.

At the request of Profs. Gentry and

suspended at the close of this month,
because of small attendance. The at-
tendance at the white night school is
fair, when all the circumstances are
considered. The average was 16. The
schools, as a whole, are prosperous, the
interest is good and many of the pupils
are doing excellent work, indeed. We
take pleasure in presenting a large
honor roll. Many have missed this place
of honor by only a fraction; others were
tardy only once and lost the honor, and
the low department of a few barred them.

"One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm
he calls all the hens in the farm yard
to come and share it. A similar trait
of human nature is to be observed
when a man discovers something ex-
ceptionally good—he wants all his
friends and neighbors to share the
benefits of his discovery. This is the
touch of nature that makes the whole
world kin. This explains why people
who have been cured by Chamberlain's
Cough Remedy write letters to the
manufacturers for publication, that
others similarly ailing may also use it

Soldiers in Bourbon.

Fourteen of Gov. Willson's soldier boys were seen Sunday on the Cynthia and Centerville pike, near Jacksonville. They were on horseback, fully equipped with arms and all the paraphernalia of the cavalrymen. No information was obtainable as they move in secret and seem to be taking in the entire county as they were seen near Little Rock Friday night. There has never been any trouble in Bourbon and our people cannot understand why our county should be patrolled by this body of cavalry. The all-wise Gov. Willson, though, may have some information up his sleeve and knows what he is doing, but the people in the State are doubting it.

Killed By Train Near Crossing on Scott Avenue.

Henry Mynes, aged 21 years, was struck by a freight train on the Maysville Division of the L. & N. near the crossing on Scott avenue, this city, Saturday evening about 7:30 o'clock, and killed instantly, his head being nearly severed from his body. Mr. Mynes leaves a young wife, who was formerly Miss Martha Setters, of Elizabeth, and a young babe several months old.

Mr. Mynes lived in a tenement house on the farm of John Brophy, near town, and had been in the city during the afternoon and had freely imbibed in intoxicants. He was seen by a colored woman, Cynthia Gaines, straggling down the railroad and to fall on the track. The woman went to a neighboring house to notify the inmates and to ask them to assist her in taking him from the track, but before they got back to where he had fallen, the freight train from Maysville came puffing around the bend and struck him.

The remains were taken to the undertaking rooms of Geo. W. Davis and prepared for burial, then taken to his home.

Coroner Rudolph Davis summoned a jury Sunday morning, which rendered the following verdict: "We, the jury, find before us the body of Henry Mynes, who came to his death, April 25, 1908, by being struck by Louisville & Nashville freight train, south bound, No. 79, on track near crossing on Scott avenue Paris, Ky.

It is a well-known fact that the Chimes-Mambrino King family of trotters have produced more 2:10 and 2:15 performers, also more champions on the race track and in the show ring, than any other family known to the trotting horse world; almost every world's record has been held at one time by members of this family, and to-day more world's records are held by them than any other trotting family.

Forest Denmark

153.

This noted sire will make the season of 1908 at my home, on the Harrod's creek pike, 8 miles from Paris and 4 miles from North Middletown, at

\$20 to Insure a Living Colt.

DESCRIPTION.—Forest Denmark is a solid bay, 16 hands high, has great natural style; carries head and tail high, and is not second to any stallion in Kentucky as a getter of high-priced saddle and harness horses.

He has always been at the head of the stud at Woodford's Stock Farm, Mt. Sterling, Kentucky. I was able to get him from the fact that my father's brood mares are nearly all by him.

Forest Denmark is the sire of the Chancellor that won sixteen blue tie, in 1906, also his mate The Cardinal, which team won, single and double, thirty-eight blue ties in 1907. He has sired three other geldings which sold at an average price of \$2,821.

The breeders of Bourbon county have never had, and probably never will have again, the opportunity to breed to the equal of Forest Denmark at \$20.

TERMS.—Money due as soon as colt comes, mare parted with or bred to another horse. Mares from a distance grazed at \$3 a month. Every precaution will be taken to prevent accidents or escapes, but will not be responsible for those that occur.

SEASON 1908

The RIDGE STOCK FARM.

Fee \$50 The Season

To Insure a Mare in Foal.

Sam'l Clay,

Paris, - - - Kentucky.

WIGGINS is a horse of attractive conformation, 15.3 hands high, full of quality, and with fine feet and legs. In disposition and manners he is perfect. His colts are uniformly good colored and trot with light shoes and few boots. **WIGGINS** himself wore a 7-ounce shoe with no boots in front. He was foaled a trotter, and as a yearling trotted a mile over a three-quarter mile track in 2:33½. He took his record when two years old and won five straight stake races and \$4,600 that season. Douglas Thomas, his trainer, says he could have trotted a mile over a good track in 2:12. His colts not only trot fast young, but sell for high prices. He was himself a bold finisher and his colts are like him in this respect. For an out-crover in-bred mares you can't do better than to breed to **WIGGINS**, though he nicks well with mares of any breeding. No other stallion at the same age has ever accomplished more than **WIGGINS**. No other stallion of any age ever had three two-year-olds to beat 2:18 trotting in one year. No other stallion ever had seven trotters in 22.0 list at ten years.

The New Styles for Women.

"If the new summer gowns have a conspicuous note at all this year it is in their trimmings, which seem to stand out in bold relief," says Grace Margaret Gould in Woman's Home Companion for May. "Much soutache in all widths and heavy cotton braid are used, in white and dye to match the fabric. In the skirt-and-coat suits the outline of the coat is shown by the line of braiding, and either braid or buttons not infrequently trim the back. Tassels are very much used wherever a place for them can be found. The heavy and fine laces are fashionable in combination for trimming both gowns and separate blouses. Very narrow satin plaitings are much used as a trimming for silk voile and net gowns. They are often introduced in some brilliant shade, such as Empire green, or a gown of neutral tint. Plaitings of this style frequently simulate a bib effect on the bodice and outline a tunic effect in the skirt. Buttons are used not only where they are needed, but where they are needed on the new gowns. For the tailored suits there are the fabric-covered buttons and the braid buttons. The white and colored cotton crocheted button is extremely high style, and for lingerie waists there are the new pearl bead buttons."

His Heart Was Right.

The man who could give utterance to the following beautiful tribute to the most sacred of human passions may have been an infidel in thought, but not at heart. Ingersol never said anything more beautiful when he said: "Love is the only bow on life's cloud. It shines upon the babe, and sheds its radiance on the quiet tomb. It is the mother of art, inspirer of poet, patriot and philosopher. It is the air and light of every heart, builder of every home, kindler of every fire on earth. It was the first to dream of immortality. It fills the world with melody for music is the voice of love. Love is the magician, the enchanter that changes worthless things to joy, and makes right royal kings and queens of common clay. It is the perfume of that wondrous flower, the heart, and, without the sacred passion, that divine swoon, we are as beasts, but with it, earth is heaven, and we are gods."

Neighborhood Favorite.

Mrs. E. D. Charles, of Harbor, Maine, speaking of Electric Bitters, says: "It is a neighborhood favorite here with us." It deserves to be a favorite everywhere. It gives quick relief in dyspepsia, liver complaint, kidney derangement, malnutrition, nervousness, weakness and general debility. Its action on the blood, as a thorough purifier makes it especially useful as a spring medicine. This grand attractive tonic is sold under guarantee at Oberdorfer's drug store, 50 cents.

Leaves Forstell Weather.

Variations produced by weather on the abrus plant have been codified by Prof. Nowack, the originator of the observatory at Denmark hill, England. From his codes he can construct charts four days in advance of the weather bureau, predicting storms, winds, changes and the like. The forecasts are made through the different positions of the leaves, which are turned in every direction and brought to different angles by the atmospheric changes.

Sound Advice.

Live as healthy a life as you can, that's the thing. Keep your brain and body wholesome. I don't agree that the present-day boy plays games too much. Boys want heaps and heaps of fresh air. They cannot have too much.—The Captain.

Program of Grocers' Retail Association.

Preparations for the State Con-
vention of Retail Grocers and for the Pure
Food Exhibit, which meets in Paris
Tuesday, April 28, for a two days' ses-
sion, are going steadily on. The cocas-
ion promises to be one of unusual in-
terest as the pure food display will be
on a scale never before attempted by
the packers, jobbers and manufacturers,
who are seemingly anxious to show to
the ladies of the Bluegrass the care
that is exercised in the preparation of
foods of all kinds, and other things that
enter into the supply of the table and
pantry.

The local branch of the Retail Gro-
cers' Association has been earnestly
at work in making the convention a
success and is receiving the hearty
co-operation of the wholesalers and
jobbers of Paris, Lexington and Louis-
ville.

The pure food exhibit will be held
in the old Christian Church, and will be
in charge of Secretary Chas. Wilmoth,
of the local association.

Thirty booths, each 6 by 12 feet, have
been assigned to as many firms, who
will have representatives present.
Demonstrations will be in progress
throughout the entire two days and
during the evening hours, which the
ladies of Bourbon and adjoining coun-
ties are invited to witness. The audi-
torium will be tastefully decorated in
flowers, evergreens, bunting and flags.

Honaker, of Lexington, has been
granted double space and will have an
elaborate display.
The closing feature of the convention
will be the banquet, which will be
held in the Elks Hall, when plates for
four hundred will be laid. The menu
will be an elaborate one and will be
prepared by the ladies of the Baptist
Church.

The following committees have
charge of the preparations:
Arrangements—Logan Howard, F. P.
Kiser, John Connell, T. F. Roche and
Chas. Wilmoth.

Program—Chas. P. Cook, M. J. Lavin
and Chas. Clendenin.

Reception—H. A. Power, Chairman,
and all members of Local Association.

The Banquet Committee is as follows:
Jas. Shea, Chairman; Erace Holliday,
W. A. Baird, T. F. Roche, Logan How-
ard and V. K. Shipp.

Judge Harmon Stitt will act as
Toastmaster.

The Question for the People.

Shall the government be administered
for the protection of the rights and the
advancement of the interests of the
general public, or shall it be controll-
ed by the representatives of the cor-
porate wealth and administered in the
interest of the few? The trust question,
the tariff question, the labor question
and all other questions involve this
issue. All the abuses of which the
people complain rest upon the privi-
leges and the favoritism secured by
favor seeking corporations, and these
privileges or favors are always at the
expense of the masses.

The Lincoln Home.

A hearing was given a day or so ago
by the House Library Committee at
Washington on the bill introduced by
Mr. Madden of Illinois, authorizing the
expenditure of \$100,000 toward the
building on the farm in Larue county,
Ky., where Abraham Lincoln was
born, of "A National patriotic shrine,
which shall consist of a Memorial Hall
costing not more than \$250,000, of
which \$150,000 shall be supplied by the
Lincoln Farm Association of New
York."

One hundred thousand dollars already
has been raised by the Association
through popular subscriptions, and by
the terms of the bill the remaining
\$50,000 must be forthcoming within
the next twelve months in a like man-
ner.

—Anna Louise Wilson, the 8-year-old daughter of Mr. and Mrs. Jesse Wilson died Thursday morning at 2 o'clock, of spinal meningitis, after a few hours illness. She had been suffering for a few days from a cold which was not thought to be serious and had been out of school since Monday. At an early hour Wednesday morning she grew much worse and went into spasms, which became more violent all day.

She was attended by Dr. W. V. Huffman. Late in the afternoon Dr. C. B. Smith, of this place, and Dr. Clark, of Lexington, were called in consultation, but nothing could be done to save the little life, which was fast ebbing away, and she died at the hour named. Burial Friday afternoon at two o'clock at the Methodist church by Rev. T. W. Watts. Burial in Millersburg cemetery. She was an only child and her parents have the sympathy of the entire community in their sad bereavement. She was a bright child with many friends. Only two weeks ago she took part in a missionary entertainment at the Methodist church, receiving a number of compliments.

—The Annual District Convention of the Christian Women's Board of Missions and Bible Schools of the Eighth Kentucky District, held a two days' convention here Thursday and Friday. The town was filled with representative

people from every church in the District. Most every home entertained guests and everybody was in holiday attire.

The meeting was called to order Thursday morning at 9:30 by the President, Mrs. Alex. Conner, of Owingsville. Opening hymn and invocation by Elder J. D. Waters, of Millersburg. The welcome address was delivered by Miss Leona Letton. It was one of the most attractive features of the entire program and has been highly complimented by all who heard it. The response was given by Mrs. Broadhurst, of Winchester. The President addressed the convention in an appropriate speech in the line of work to be done, after which the various committees were appointed. The report of Auxiliaries, County Managers and Junior Superintendent were read and found to be very interesting.

There were 163 delegates enrolled. The next meeting will be held in Paris on April 22-23, 1909. The program was lengthy and we regret lack of space prevents us from giving it in full.

—Mrs. Houston H. Crouch, who has been the guest of her father, Postmaster R. B. Boulden, for a week, returned to her home at Little Rock Sunday.

—The Masonic lodge will hold a reception this afternoon from 2 to 5 at the lodge room. Enthusiastic Meeting of Commercial Club.

The meeting of the Paris business men Friday night, at the City Hall, looking to the permanent organization of a Commercial Club, was largely attended and very enthusiastic. Fifty-one of the leading citizens of our city were present, every one attaching his signature to an agreement to become an active member of the club. Initiation fee \$1 and monthly dues 50 cents.

Prof. J. W. Porter, of Lexington, was present and made a very interesting talk.

A committee was appointed by the acting President to visit every merchant in our city and get them to attend the meeting at the Court house on Thursday evening at 8 o'clock, when the officers for the permanent organization will be selected.

We urge our citizens to attend this next meeting for it is of the utmost importance that we organize this Commercial Club for it will surely redound to great good for our town. At the close of the meeting Friday night Mr. Walter Payne, the up-to-date cigar manufacturer passed around his famous "Bouhon Belle" cigars, which were much enjoyed by the crowd.

John C. Cramer, Secretary of the Lexington Commercial Club, will address the meeting Thursday evening.

Keys of Our City Turned Over to the Grocers.

This morning the State Convention of the Retail Grocers Association convenes in this city. Mr. C. P. Cook and Secretary Chas. Wilmoth, of the local association, inform us that everything is in readiness to entertain the delegates, 800 being expected to attend. Mayor O'Brien will turn over the keys of the city to the visitors and every courtesy will be extended to them by the city officials and the citizens generally. For full particulars and program for the two days can be found on page seven of this issue.

Combination Sale.

There is to be a big combination sale of city property conducted by B. F. Adcock. This will be an opportune time for getting a nice, comfortable home for little money, or a good investment in real estate that will bring you in a nice little income. All property put up will be sold to the highest bidder, and a number of houses and lots will be sold at this time. He has secured Mr. A. T. Forsyth as auctioneer, and you know his reputation—that of getting you the most money obtainable for your property. List your property with him or see B. F. Adcock, as the books are now open for registering what you have to sell. Date of sale given later. 28 3t
